

Forget about sugar.

Best purge block you'll ever own.

Even Flow Gas Diffuser

Durable TiN Coating

Universal T-Slot Fit

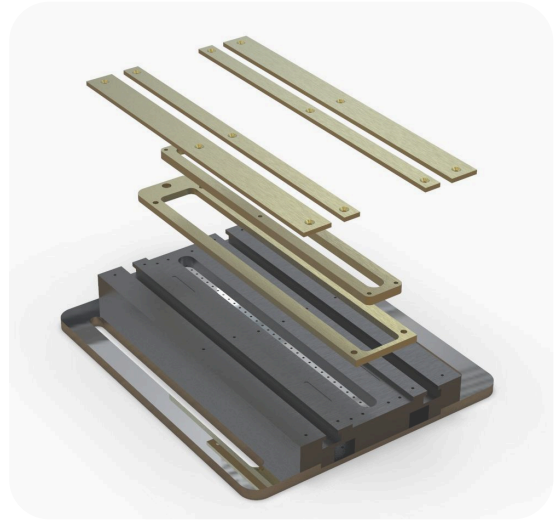

Dual-Zone Gas Supply

**Experience flawless
shielding in EVERY position.**

Designed by welders for welders.

Even Flow Gas Distribution

Deliver **consistent** laminar **flow** under and around the root of your **weld in 1G, 2G, and 3G** positions with our proprietary internal diffuser.

Titanium Nitride Armor

Put it through the toughest shop abuse. This ultra-hard, **wear-resistant surface** stands up to heat, impact, and abrasion, so your block keeps performing and looks sharp for years.

Dual Zone Gas Supply

Control flow rates independently for large or small parts to **minimize gas waste**.

T-Slot Clamping System

Secure your weldments instantly using standard T-slot CNC table clamps. **No** adapters or **custom fixturing needed**.

Springed Ground Plate

Eliminate arc wander with a low-resistance **ground** connection placed **close to the weld joint**.
